## Allcosil 200/20

### Introduction:

**Allcosil 200/20** is a 20 centistoke polydimethylsiloxane silicone oil.

### Uses:

- Release agent.  
Used purely or as a part of a compounded formula **Allcosil 200/20** provides a non-toxic, non-carbonising mould release for rubber, plastics and metal die-castings.
- Anti-foam agent.  
Very small quantities of the fluid are very effective as a foam control agent, especially in non-aqueous systems.
- Mechanical fluid.  
The very high viscosity-index, the thermal and chemical stability, shear-breakdown resistance and the rubber compatibility as well as the compressibility make this fluid outstanding for mechanical and hydraulic uses.
- Lubricant.  
The fluid provides excellent lubricating properties for most plastic and elastomeric surfaces. Lubricity with metals depends upon the possible combinations such as P.T.F.E., MoS<sub>2</sub> and other lubricity improvers.
- In polishes and chemical specialties.  
Silicone oil is used in most automobile and furniture polishes for its ease of application, high gloss with a minimum rubbing and durable water repellent film.
- In electrical and electronic equipment. Because of the excellent dielectric properties silicone oil is widely used as an insulating and damping fluid.

### Typical Characteristics:

Product Description			
	<b>Appearance</b>	Clear liquid	
	<b>Odour</b>	Characteristic	
Composition			
	<b>Substance</b>	<b>% by Weight</b>	
	Polydimethylsiloxane	100	
Properties			
	<b>Property</b>	<b>Unit</b>	<b>Value</b>
	Viscosity	cSt	20
	Flashpoint	°C COC	230
	Freezing Point	°C	-60
	Specific gravity @ 25°C		0.95
	Surface tension	mN/m	20.6
	Refractive index		1.400

### Features and Benefits:

Features:

- Little change in physical properties over a wide temperature range.
- The fluids are thermally stable at 150°C for extended time intervals.
- Excellent water repellence.
- Low surface tension. The fluid readily wets clean surfaces to impart water repellence and release characteristics.
- Low toxicity.

# Technical Data Sheet

## Allcosil 200/20

---

### Benefits:

- Good foam builder
- Imparts soft silky feel to the hair
- Ensures smooth wet shaving foams
- Non-irritant to skin

### **Shelf Life:**

**Allcosil 200/20** has an unlimited useful life when stored at ambient temperatures. The product does not freeze and there are no restrictions on storage.

### **Packaging:**

200-kilo, 25-kilo and 5-kilo, non-returnable plastic drums.

### **Health & Safety:**

Detailed advice on the Health & Safety aspects of this product is given in the individual product Material Safety Data Sheet (MSDS), available upon request.
